***ENHANCED, CELLULAR & WIRELESS 9-1-1 CALL HANDLING
AGREEMENT
ANNUAL JOINT POWERS AGREEMENT***

This Agreement is made by and between the Lincolnshire Police Department, hereinafter referred to as the "P.S.A.P.", and the **Bannockburn Police Department**, hereinafter referred to as the "AGENCY", for the purpose of the handling and routing of misdirected Landbased, Cellular & Wireless 9-1-1 emergency telephone calls.

When the "P.S.A.P." receives a call for emergency services for a location that appears to be in and under the jurisdiction of the "AGENCY", the call will be dispatched by the "P.S.A.P." in the following manner:

Calls indicating the need for emergency response services-

PRIMARY: Direct 9-1-1 transfer or Speed Dial to relay the call information via the following seven-digit emergency telephone number: **(847) 945-2151**.

SECONDARY: Transfer of the call information by utilization of the police Point-to-Point VHF radio frequency of 155.370 MHz to the: **Bannockburn Police Department**, via the **Deerfield Police Department**.

Calls indicating the need for non-emergency services-

Referral of the caller to your seven-digit published non-emergency telephone number: **(847) 945-8490**.

Pursuant to Chapter 50, Section 750/14 of the Illinois Compiled Statutes, this agreement provides that both the "P.S.A.P." and the "AGENCY" will: "Once an emergency unit is dispatched in response to a request through the system, such unit shall render its services to the requesting party without regard to whether the unit is operating outside its normal jurisdictional boundaries."

It is understood by both parties that response to an emergency call by either the "P.S.A.P." or the "AGENCY" is conditional upon acceptance of the assignment by the particular party. If the "P.S.A.P." relays information to the "AGENCY" of an incident location which is clearly outside of the "AGENCY" jurisdictional boundaries, the "AGENCY" may refuse to respond. The "AGENCY" shall immediately notify the "P.S.A.P." that it will not respond to the call and indicate which other agency, if known, has the proper jurisdiction. This Agreement does not obligate the "AGENCY" to respond to any information given to it by the "P.S.A.P."

Any and all response to incidents outside of the jurisdictional boundaries of either party will be based upon and conditioned upon existing procedures and agreements for mutual aid by one party to the other.

The "AGENCY" agrees that all telephone calls appearing to regard information of an administrative, non-emergency and non-dispatchable nature shall be referred to its administrative, non-emergency telephone number.

The parties agree to be responsible for maintaining the report of the 9-1-1 call handled by it and the disposition of each call received. Maintenance of said records shall be handled in accordance with the Rules and Regulations for Local Government Records Retention as prescribed by the Illinois Secretary of State. Each party agrees to make such records of relayed 9-1-1 calls available to the other party.

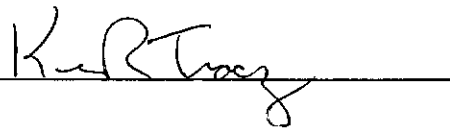

All agreements, system management and provision of 9-1-1 call answering services shall be the responsibility of the *Lincolnshire Emergency Telephone System Board*, which hereby designates the "P.S.A.P." to perform tasks related to this Agreement at their behest and direction.

The "AGENCY" agrees that all telephone calls appearing to regard information of an administrative, non-emergency and non-dispatchable nature shall be referred to its administrative, non-emergency telephone number.

The parties agree to be responsible for maintaining the report of the 9-1-1 call handled by it and the disposition of each call received.
